

Nimlok Portable Displays

Concept Kit – ACON 16

Start with the basics and watch it grow into an exhibition stand! This graphic wall will turn your booth into a professional reception back wall. As your company grows, so will the floor space you need. Don't throw away your stand though - build from it! From this display any number of additions can be built-on including brochure holders, wings, plinths, and even flash-card monitors.
